Dear Mr. Meredith,

My husband is doing research at Columbia University and I am doing graduate work there. Though we are sure you realize it, we wish to tell you that you are not without support in your fight to bring about real opportunity for all people in our country. We wish to thank you for having the courage to perform your difficult task.

We realize that besides entering the University of Mississippi, you will wish to stay there, study, and graduate. Here perhaps we can offer more than just words of support. Since we are affiliated

with a university, we can obtain many books that you might need and, for various reasons, have difficulty getting. If you would just tell us what books or other equipment you need, we shall be happy to obtain them and send them to you. (Besides a well stocked university bookstore, there is all of New York, where with proper searching almost any book ever written can be found.) Please let us know what you need - we shall be honored to help you.

Again we extend our thanks and good luck in your school work.

Sincerely
